

March 1, 2017

Dear Residents:

On behalf of the Board of Directors for Heritage of Hawk Ridge Community, please accept the following as a reminder of the rules governing pool use:

Children are allowed according to the following schedule:

- Tuesday, Wednesday and Friday 12:00 pm – 5:00 pm
- Sunday and Holidays 10:00 am – 5:00 pm

These are new hours for children. In previous years, children were allowed 7 days a week during designated hours. HHR is a 55 plus community and growing in size. Pool hours for children have been revised to allow residents to enjoy more time at the pool without children present. We are also trying to accommodate planned pool activities. We appreciate everyone cooperating with these new hours.

Only 4 guests per household are allowed at the pool. This insures that residents always have the majority use of the pool. While we understand some may have more guests than the rule allows, use of a public pool may be more appropriate for the larger numbers.

Residents (owner(s) of the property) **MUST** accompany their guests at all times. If children are being disruptive (within reason), they may be asked to leave. Adult children must be accompanied by the resident as well.

Please use common courtesy – no splashing residents.

Squirt guns and large floatation devices (larger than a single person raft) are not allowed. Float rings are allowed.

Umbrellas must be lowered when you leave – failure to do so makes them susceptible to weather and storm damage.

Please review these rules with your guests. If rules are not followed, guests and residents may be asked to leave. Thank you for your cooperation.

Sincerely,

Kelly Cobelens – Community Manager
DNI Properties, Inc. on behalf of
Heritage of Hawk Ridge Community
