Volume 12, Issue 10

October 2013

## FLYNN'S CORNER

Once again we enter the fall of the year and embrace the last of summer's warmth as we prepare for winter! Many new faces will arrive in our community in the weeks ahead, as Pulte has their two biggest months for closings.

The pool is now going to remain open until Sunday, October 15th. Let's hope the air temperature stays mild for all of you water lovers! The Pro Shop hours will adjust this month to an 8 am open and 5 pm close.

We have a few great events on tap this month, plus we also kick off cooking class and a new fall exercise schedule. Please be sure to sign up, it helps for planning to have accurate numbers for attendance.

As most of you know, Ted will be taking a leave of absence at the end of the month. I know I speak for everyone in wishing he and his wife Jill success and a speedy recovery. Dee from the pro shop will be helping fill in.

*See you at the clubhouse,*

*Renee*

## Resident Spotlight

### Lana and Bill Proemsey

Lana says she has participated in almost every activity at Heritage Hawk Ridge (HHR) and loves it here. Bill is preparing their home in Maplewood for selling. Because Maplewood is so far Bill will sometimes stay overnight there. Thus he misses many activities. Everybody knows Lana because of her immersion in HHR activities. Bill says that when he is able to go to an activity here he is known as "Lana's husband". Lana is preparing Bill for activities – she bought him a golf cart for Father's Day and his son bought him a new set of golf clubs. So Bill, hurry up and finish the house.

They are exciting and interesting. They bring a new spark of enthusiasm; we are going to love having them in HHR. Both Lana and Bill were linemen for Southwestern Bell. Lana was the only woman in a crew of six. She tells me she upheld her end of the work of the crew. Ask Bill and Lana about the work of linemen-high above the street and also below the street stringing heavy cable. Sometimes the cable was extremely long; and the weight of this long cable was often difficult to handle! To find out more about the work of the lineman go Wikipedia! and we thought our jobs were tough.

Bill and Lana have been married 20 years. They lived in their Maplewood home and then after retirement spent six years traveling the country in a 40 foot motor home. Last April they decided they were tired of traveling and wanted a more permanent home, but in an active community. After looking all over they found HHR. They moved here because of the many activities available here. The activities they enjoy include Bocce Ball, Water Aerobics, Pickle ball, Hand and Foot, Mexican Train, and Water Volleyball. After Bill finishes the remodeling work in Maplewood, he will want to participate in Poker, Fishing, and Golf.
