March 2014

FLYNN'S CORNER

Well, we certainly can't say that this winter has been fun! We can only hope that Spring does exist somewhere in our future!

Please read all the attached flyers, as there is information on upcoming projects, as well as several sign up sheets for events. I ask that everyone please try to utilize the sign up sheets and get them in so we can accurately plan logistics for each event. It becomes difficult when we have sketchy numbers to plan from.

Thanks to all the ladies volunteering to clean out the party supply closets...we have a bit more room now!

Lawn service opt out letters are coming soon, make sure to respond quickly as service begins this month.

*See you at the clubhouse,
Renee*

Resident Spotlight **Barb & Barry** **Beaster**

Welcome Barb and Barry

Beaster to Heritage Hawk Ridge. These natives of Wisconsin love Missouri and HHR. They are pleased at the number of activities offered. They are out door people and will enjoy the pool just as soon as weather permits. The met in college when they were both lifeguards.

Barry has both an electrical engineering and MBA degree from the University of Wisconsin and has worked in the power and energy industry for most of his career, nearly all with substation transformers. Barb chose to be a stay-at-home mom. Barry is still employed; he loves his work, so why not work. Barb is not employed so she is involved in many activities; for example, choir, cooking, chair aerobics, and progressive dinner party committee and soon water aerobics. Barry is waiting for golf and trying his hand at pickle ball and both of them for swimming in the summer.

Being an active member in the IEEE Transformers Committee, the semiannual week-long meeting required travel throughout North America and Europe. Other work assignments included additional travel in Europe and Asia. Barb accompanied him on all the committee trips and has allowed for plenty of sightseeing. They have seen more of the world than several of us put together.

Barb and Barry have three children, two boys and one girl, and six grandchildren (2 boys and 4 girls). Their daughter and her family live nearby in O'Fallon. This gives them the perfect opportunity to spoil their grandchildren.

The Beaster's have resided around the US as part of career moves and lived in 14 different houses, none have been near any of their adult children until now. If you are ever feeling drained or done in spend some time with Barb; her high energy is contagious. You will soon be inspired to tackle even a disagreeable task. The Beasters are a wonderful addition to HHR.

Barb's name and my name are so similar that when I first saw her name in print on the list of cooking attendees, I thought it was my name misspelled-Barb Beaster, Barb Heater.
