

Single Ladies Gathering

Thursday, August 13

7pm, poolside

It has come to our attention that there are several different groups of single ladies throughout the neighborhood. We decided to create an opportunity for all of us to gather together. This will allow us to share what is already happening in the neighborhood and maybe create some new activities.

You will have an opportunity to sign up to stay informed about different activities and to connect with ladies with similar interests.

Please bring your mask in case social distancing isn't possible. Bring your own drinks / snacks too.
