# MONTH

Food & Crafting!! Two of my favorite things!

For the next few months, we will be doing both a recipe and a craft of the month. You can pick and choose how you participate from month to month.

Each month the item/cost will be different. Sign up by the registration deadline. You will know in advance, the delivery date. On the delivery date, you will receive everything you need to make your recipe or craft for that month delivered to your door. It will be a surprise what you will be receiving.
