

Kelly's Corner

Please enjoy the pool this summer and remember to follow the posted pool rules, including designated hours to bring children. I want to remind you that restroom access while at the swimming pool is now through the far west end door (by the bocce courts). The door code is 5500*. Street repairs will be done this month. Watch for an email with the exact dates and special instructions. I am also planning to power wash and clean the entrance monument by the guard shack and the one at Hawk Ridge Circle later this month. Parts and labor have been an issue in getting the fountain in the back retention pond up and running this season. It will be installed as soon as possible. Please read the entire Putterings for information on our exciting remodel plans for the east hall, kitchen and craft room. Work should begin next month. Call me if you have any questions. Kelly

RESIDENT SPOTLIGHT By: Joan Elliott

Steve & Ingrid Ward

They refer to the Covid Shutdown as “Pent-up Vacation Syndrome.” But, not to be “undone” by the setback, Steve and Ingrid Ward decided to take three vacations in three months (Hawaii, California and Baltimore) once the “veil of catastrophe” had been lifted. That included celebrating their 40th wedding anniversary “two years late!!”

That's how it is for this solution-minded HHR couple who have been here for four years and think of this community as “paradise.” Their love for HHR is equaled only by their son, Derek, daughter-in law, Rosemary, and granddaughter Audrey living five minutes away. They, along with their daughter, Stephanie, are the Ward's “greatest accomplishment,” the pride clearly obvious on their faces as they talk about their much-loved family.

Ingrid was a “stay-at-home” mom until their children were in school, then began a 27-year career as an executive administrative assistant with Pediatric Neurology (Wash U). And, while she enjoyed her work, she was still happy to retire a couple years ago.

Steve, by contrast, with a mechanical engineering degree from Rolla, still works full-time at his own business. During a long career he has overseen quality control and assisted in the design for such fitness companies as Peloton, True Fitness, Precor and Hydrow. Much of his work has been done in Taiwan and China and he has logged more than 1.5 million miles with Delta Airlines. “I have no plans to retire,” said Steve. “I've loved all my jobs. They've never been ‘work.’”

During the pandemic, while Steve continued to work remotely, Ingrid busied herself with “Diamond Art,” placing thousands of color-coded beads onto a picture. Considering it her “therapy,” she gave many of the pictures as gifts to friends and family. “This, basically, is what got me through the pandemic,” she said. Now that life begins anew, her favorite activities include gardening, Poms and swimming.

In his leisure hours, Steve enjoys golf, fast cars (including his Corvette) and “cranked up” music when he's home alone. The two consider HHR a ‘vacation resort’ and say they will be here “until they carry us out feet first.”

Kitchen/Craft Room Remodel

The project is expected to begin on July 11. Our hope is that the project will be completed near the end of September. As with any remodeling project, many things are out of our control. In addition to the kitchen area, we are expecting significant disruption to the cardroom & hallway area. There will be dust barriers in place, but if you are sensitive to dust consider avoiding the clubhouse. We will keep everyone informed. We are counting on residents flexibility and cooperation. Thank you in advance. Please watch your emails/Putterings for updates about events and activities.

Items Available from Kitchen/Craft Room:

In preparation for the demolition, we are offering for residents to take the following items:

Kitchen & Craft Room Cabinets, Refrigerator/Freezer (1), Microwave, Oven/Stove, Dishwasher. Shelves in craft room. There are tags on these items. If you want something, please add your name to the tag. If more than one person wants an item, we will draw a name from a hat on June 20 and you will be notified.

The carpenters will remove the items from the wall, but you will need to be available to come pick them up from the clubhouse the week of July 18. An exact pick up date will be announced the week prior. . Due to space, we are unable to hold any items at the clubhouse past the pickup date. If you are interested in an item that is not tagged, please talk with Kelly or Maggie.

The Writing Group will meet on Wednesday, June 29th at 1:00 in the card room.

Our topic for June is to write about your hometown.
This will be a fun topic.

We hope you can come share your story.
