Kimmswick Mo offers a chance to step back into the less hurried days of the 1800's. Enjoy a walk through a beautiful town with many one-of-a-kind shops that will inspire you.

We will have lunch at the **Blue Owl Restaurant...** "quaint and charming atmosphere, warm and friendly service, home cooked meals and specialty desserts made with that homemade touch! Home of The Famous Levee High Apple Pie®! The Blue Owl has been featured on The Food Network, The Travel Channel, The Today Show and O Magazine. The Blue Owl Bakery offers a gourmet selection of delicious pastries, cakes, pies and specialty desserts for the Holiday Season and everyday enjoyment."

After exploring Kimmswick, we will take a short drive to the **Mastodon Historic site and museum.** <https://mostateparks.com/location/55681/museum>

"The museum and visitor center is a great place to begin any visit to Mastodon State Historic Site. The center includes displays, artifacts, exhibits and an interpretive video that reveal the secrets of the Kimmswick Bone Bed and help visitors understand the significance of the site. The impressive mastodon skeleton replica is a sight not easily forgotten."

Admission is \$3.50 a person

We are scheduled to take part in the Interpretive Program which includes a short film followed by viewing of artifacts and the small museum. There is an optional wildflower trail for those who would like to stroll the grounds.
