Guests of members, and accompanied by a member, pay in accord with the current fee structure.

Currently non-residents may also purchase the Annual Golf Membership. Green fees may vary by resident versus non-resident, age, and day-of-the-week.

Heritage of Hawk Ridge Golf Club

General Rules

The rules for Operation / Management of the Hawk Ridge Golf Course, Golf Pro Shop and Grill will be enforced by the Pro Shop management and staff.

When needed, USGA 'The Rules of Golf' (Current Edition) will be used to resolve any playing issues or interpretation of golf rules.

Dress Code:

The following should be used as a guideline for choosing the appropriate attire for playing golf:

- Golf shorts or slacks for men
- Golf shorts, skorts, slacks, or dresses for ladies
- Golf shirts for both men and ladies, with or without collars
- Do not wear t-shirts, graphic tees, gym shorts, halter or tube tops, or midriffs
- Soft spike golf shoes, golf sandals, or tennis shoes only

Rental of Golf Carts:

Electric golf carts may be rented at the posted rate on a first-come / first-served basis. Cart rentals are for use **on** the Golf Course **only** and **all** electric golf carts **must** always remain on the cart paths. Pull carts may be rented at the posted rate.

Owned Golf Carts:

Owners of electric golf carts are permitted on the course **only** after 'Cart Registration' is completed, 'Insurance' is verified and, 'Registration Fees' paid in full. Golf carts **must** always remain on the cart paths, unless the Pro Shop grants a handicap exception. Please refer to the Golf Cart Registration form for a full list of requirements. Riders who are not family members of the cart owner will be required to pay the published golf cart rental fee.

Conduct:

All members and guests are expected to fully conduct themselves as ladies and gentlemen and observe the Rules-of-Play. Disruptive behavior and/or violation of the Rules-of-Play may result in refusal of play, dismissal from the course, and potential suspension of membership privileges. Members and guests shall be liable to the Association for the value of any property damaged or removed.

Rules-of-Play

Please have a general knowledge of golf basics; the Pro Shop will be happy to answer or assist you with any questions.

Respect the property of our homeowners:

- Homeowner property is private and considered 'out-of-bounds'.
- Absolutely **NO hitting or playing** a ball from a homeowner's yard.
- Players are permitted to enter and retrieve a golf ball from a homeowner's property. However, players are not allowed to enter and 'search around' for a golf ball on a homeowner's property.
- **Any damage** to a homeowner's property is the responsibility of the golfer.
- Children must be at least 7 years old and equipped with their own clubs and bag to play.

Children – supervision and age restrictions:

- It is the responsible adult's obligation to ensure children are not running around on the course, greens, or sand traps.
- Groups not properly supervising their children may be asked to leave the course.
- Children must be at least 7 years old and equipped with their own clubs and bag to play.
- Children must be at least 16 years old with a valid driver's license to operate a golf cart.

Play ready golf:

- To ensure everyone has a fun and enjoyable experience please keep play moving.
- Players should observe the 'lost ball' rule which allows only five minutes to look for a lost ball.

Help us keep our course in great shape:

- Golf carts **must** always remain on the cart paths.
- Replace or repair divots on fairways.
- Fill divots on tee boxes with sand.
- Repair ball marks on the greens. Repair your own, and others if you have time.
- Please dispose of cigarette / cigar butts properly and do not leave them on the course.
- Broken tees should be placed in boxes next to the hole's starting marker.

Each player must have their own set-of-clubs. This should include at least several clubs, a putter, and an appropriate carry bag.

Beverages are allowed on the Golf Course in plastic or metal containers only.

Course Etiquette

Divots: Tee-Box divots should be filled using the sand provided in our Divot Buckets. Please do not overfill a divot as it could result in a sand mound, which can dull or damage mowing units. Fairway divots, if deep, should be replaced.

Ball Marks: For circular marks the soil should be lifted gently with raised sides pushed toward the center. Elongated marks must be kneaded back together by pushing in first from the back and then the sides; stretching rather than tearing the turf.

Sand Bunkers: When hitting out of a sand bunker, the sand should be raked smooth of the ball strike and footprints. Avoid pulling sand down the bunker face or pulling sand out and onto the adjacent turf. Exiting from the low side of a bunker can also limit damage.

Carts: Golf carts **must** always remain on the cart paths. Driving a golf cart onto a Tee-Box, approaches to greens, or wet areas, can cause damage and directly affect playing quality. This includes pulling your cart off the path; as it causes unnecessary damage to high traffic areas.

Ropes: Please pay attention to the ropes and areas they are intended to protect. Stepped on ropes can pull out the stake; requiring someone to fix and retighten the rope.

Making a Difference: Your actions can make a difference in the quality of our course; including:

- Pick-up broken tees – prevents damage to costly mower reels
- Do not overfill trash containers – prevents trash from blowing across our course
- Replace a sign or rope stake – keeps the course looking neat
- If a sprinkler leak is spotted – tell someone before damage occurs
- Avoid taking divots on your practice swings
- DO NOT hit your drive while others are still on the green
- Please repair all ball marks on greens
- Golf carts **must** always remain on the cart paths
