CLOSEST TO THE PIN, #3 HOLE: Michelle Lapinski

CLOSEST TO THE PIN, #5 HOLE: Phil Geno

Congratulations to the winners and thanks to all that came out!!

A note about Walters Golf Management:

As many of you know, our golf course is the centerpiece of the beauty and advantage of owning a home and living in HHR. It has been estimated that the existence of our course results in an average \$40,000 of value for each and every home in HHR. Put simply, if the course were to go away, your home's value would decrease by up to \$40k, maybe more. Walters Golf Management Company has been our golf management experts for many years and while it is true we own the course, Walters has and continues to ensure the course remains viable and in great condition. They are keenly aware of what the course means to us and have been excellent stewards. In fact, if you looked at the course today, you will see it's in the best shape it has been in for years – thank you Walters and the wonderful Pro Shop and Grounds staff you've helped recruit for us! This is a prime example of why Walters is the premier golf management company in the Midwest – no other company comes close to matching the value and benefit that Walters provides.

Another golf course fact that many residents may not know, is that 70+% of the revenue generated from our golf course is from public play (non HHR Residents) along with associated Pro Shop purchases (food, beverage, etc.). As such, the public play piece is obviously vital to the course's continued existence and success. Furthermore, and equally important, this helps to keep HHR Residents' portions of our individual assessments that go to the course as low as possible.

A word about the Hawkeye Grill: There has been considerable discussion in the recent past about expanding the menu, increasing the beverage offerings and decreasing prices. Please understand that the Hawkeye Grill is just that – a snack bar sized amenity that has to keep it simple in order to pay expenses (which helps keep our assessments down). Late last year, the HHR Finance Committee and Board decided that the menu needed to be shortened to meet these financial objectives. The Hawkeye Grill was never (and probably will never be) put into operation to compete with local restaurants and bars; rather, it is a necessary function of the Golf Course to offer food and beverages on a limited basis. Our competition is other golf courses, and if you compare our pricing to those courses, you'll find that we meet or beat their pricing up and down the menu. Another often overlooked item is the Hawkeye Grill offers a fast, safe and suitable option to grab a sandwich, fries and beverage within walking distance or a short golf cart ride from home. No crazy traffic, road rage, etc., just a relaxing, peaceful and convenient alternative.

Un-Fore-gettable golf joke of the month:

GOLFER: *My doctor said I can't play golf.* **LONG TIME GOLF BUDDY:** *Oh, he's played with you too, huh?*
